Erratum to: Eur. Phys. J. C (2014) 74:3014

Table 4 was incorrectly captioned in the originally published version. The correct caption is ‘Normalised differential $t\bar{t}$ production cross section as a function of the number of additional jets with $p_T > 30$ GeV in the lepton+jets channel. The statistical, systematic, and total uncertainties are also shown. The main experimental and model systematic uncertainties are displayed: JES and the combination of renormalisation and factorisation scales, jet-parton matching threshold, and hadronisation (in the table “ Q^2 /Match./Had.”)’.
