The Ref. [1] was missing in the published version of the paper [2] and it has to be added to Ref. [3] (Ref. [93] of the original version). The sentence that appears two lines below Eq. (11) of the published version [2] has to be replaced by the following sentence:

The Mellin moments $\hat{\mathcal{W}}_{ab}^{N_1, N_2}$ are calculated with ANCONT [1, 3], a software library for the analytic continuation of Mellin transforms.
