In our original paper, in the Acknowledgments section, one sentence is missing. The complete Acknowledgments section is below. This correction does not affect any of the results of the work.

ACKNOWLEDGMENTS

This project has received funding from the European Innovation Council and SMEs Executive Agency (EISMEA) under grant agreement no. 964388. Parts of this research were carried out at (PETRA III) at DESY, a member of the Helmholtz Association. We thank Dr. Qing Chen for sharing of her USAXS beamtime (I-20220029) as well as Dr. Matthias Schwarzkopf and Dr. Andrei Chumakov for assistance at the P03 beamline. We thank Dr. Qing Chen also for the acquisition of the scanning electron micrographs of the TiN nanopowders. We are grateful to Dr. Frank Clemens and his group for providing support with 3D printing. The baseline of MATLAB code for the mathematical Mie model has been provided by Jan Schäfer (2022).⁵⁹ For the adaptation to metal nitrides of the code with multiple photon energies and particle sizes, refer to matteo.bevione1@gmail.com.
