Hallo Martin,

kannst Du hier bitte Dein okay geben? Es geht um diese Publikation:

<https://bib-pubdb1.desy.de/record/619705>

Diese soll eigentlich über DESY laufen. Die Autorin hat jedoch DESY nicht als erste Affiliation angegeben, weil sie zu DESY gewechselt ist. Christian Schroer hat es genehmigt und ist auch Co-

Autor.

Ich würde ACS dann bitten, es über unseren Vertrag laufen zu lassen.

Danke und Gruß
Maren

Dear Dr. Sow,

Thank you for your email.

Qualification for a manuscript under an open access agreement is systematically based on the submitting authors primary affiliation at the time of manuscript submission. Because this manuscript was submitted with an affiliation of Jawaharlal Nehru Centre for Advanced Scientific Research , this manuscript does not automatically qualify under the Helmholtz Consortium 2023-2025 open access agreement.

If you would like to request that your manuscript be covered under the Helmholtz Consortium 2023-2025 open access agreement, please contact the agreement administrator for approval. If the administrator would like to approve your request, they will need to email us directly to ask that we update the metadata to allow this manuscript to be processed under the agreement. The agreement administrator can be reached at:

l.publishing@desy.de
library.zeuthen@desy.de
robert.thiele@desy.de

I have copied the agreement administrators on this message.

Kind Regards,

Tamekia S.

Dear Dr. Sow,

Thank you for contacting the ACS Publications Support.

To ensure that your message is received accordingly, I am forwarding your request to the Open Access Operations team, as they will be able to assist you on this matter.

In the future, you may also contact them directly at: oaops@acs.org

I hope you will find this helpful and let me know if you need any further assistance.

Sincerely,

Milos Pavlov

Short Description: Require assistance in Journal publishing agreement of manuscript ID nn-2024-18495j

Description: Dear ACS Support Team,

This is regarding my accepted manuscript in ACS Nano, manuscript ID: nn-2024-18495j. Before I complete the journal publishing agreement, I have a request.

I am one of the corresponding authors of the manuscript with dual affiliations—JNCASR in India and DESY in Germany. During submission, I

opted for open access publication. Since DESY has a "Read and Publish" agreement with ACS Nano, the open access fees can be covered under this agreement, provided that DESY is listed as the primary affiliation of the corresponding author.

However in the journal publishing agreement, I noticed that my address is currently listed as the one in India. I would like to ensure that DESY is reflected as my primary affiliation for the purposes of this agreement.

I would appreciate your guidance on how best to proceed and look forward to your response.

Best regards,
Chaitali Sow
